Summary

Dedicated Computer Science and Engineering student with strong proficiency in software development and problem-solving. Experienced in building dynamic web applications using React.js, Node.js,. Skilled in API integration and creating user-centric solutions.

Education

The LNM Institute of Information Technology <i>B.Tech in Computer Science & Engineering</i>	2021 - Ongoing <i>7.35/10 CGPA</i>
Lord Buddha Public School, Kota <i>Intermediate</i>	2020 - 2021 <i>82 Percentage</i>
Gaurav Memorial International School, Kanpur <i>High School</i>	2018 - 2019 <i>95 Percentage</i>

Skills

Languages: C/C++, JavaScript, HTML, CSS, SQL, Solidity

Technical Concepts: Data structures and Algorithms, OOPS, API Integration, Blockchain development, DBMS, Operating Systems, Computer Networks

Tools and frameworks: React.js, Node.js, Git/Github, Tailwind CSS, Next.js, VS Code

Other: Communication, Teamwork, Open-mindedness, Self-motivated

Projects

TaskTracker : Next.js, MongoDB, TailWind CSS, LiveBlocks [Github](#)

- A project management and progress tracking website.
- Enables users to create project boards to track progress and share them with others via website sharing options.
- Assists teams and remote workers in coordinating tasks efficiently.

Gym Guru : React.js, CSS, RapidAPI (ExerciseDB , Nutrition Calculator) [Github](#)

- A web-based responsive fitness platform.
- Offers detailed exercise information with 1000+ exercises, instructional videos, BMI calculator, and nutrition guidance.
- Provides nutrition guidance for all ages, promoting health maintenance.

Summari Ease : React.js, TailWind CSS, Redux Toolkit, RapidAPI, LocalStorage [Github](#)

- A web based responsive platform to provide quick summaries of online articles.
- User can revisit part content or summaries stored in local storage.
- Time-saving for readers, developers, researchers, etc., enabling them to quickly assess article relevance.

Job Junction : React.js, CSS, Node.js, MongoDB, Express.js, Cloudinary [Github](#)

- A web based Job marketplace
- Have role-based access controls with features like job posting, job editing, application editing, etc.

Others

- Solved **600+** DSA problems on platform like **Leetcode** and **GeeksforGeeks**, building problem solving skills.
- Been a part of buildspace sage season 5 (nights and weekends)

Extra Curricular

Sports Council | General Body Member

Volleyball Club | Coordinator

Desportivos (Sports Festival) | Event management team member

National Powerlifting Championship | Gold Medalist
