

SHRESHTHA GUPTA

Summary

+91 9140449468 [✉ shreshthgupta78@gmail.com](mailto:shreshthgupta78@gmail.com) [in LinkedIn](#) [Github](#) [LeetCode](#)

Dedicated Computer Science and Engineering student with strong proficiency in frontend development and problem-solving. Experienced in building dynamic web applications using React.js, Node.js,. Skilled in API integration and creating user-centric solutions.

Education

The LNM Institute of Information Technology

B.Tech in Computer Science & Engineering

2021 - Ongoing

7.26/10 CGPA

Lord Buddha Public School, Kota

Intermediate

2020 - 2021

82 Percentage

Gaurav Memorial International School, Kanpur

High School

2018 - 2019

95 Percentage

Projects

Job Junction : React.js, CSS, Node.js, MongoDB, Express.js, Cloudinary

[Source Code](#)

- Developed a dynamic job search feature enabling applicants to find relevant opportunities swiftly.
- Implemented user-friendly controls for applicants to edit applications post-submission.
- Established distinct functionalities for job seekers and recruiters, ensuring tailored user experiences (Role based access control)
- Streamlined job posting, archiving, and resume downloads for recruiters, enhancing productivity.

Gym Guru : React.js, CSS, RapidAPI (ExerciseDB , Nutrition Calculator)

[Live Website](#)

- Developed Gym Guru, a web-based fitness platform using React.js and various APIs.
- Implemented features such as detailed exercise information, instructional videos, and personalized fitness calculators.
- Integrated a BMI calculator for body composition assessment and a nutrition calculator for personalized dietary recommendations.

Summari Ease : React.js, TailWind CSS, Redux Toolkit, RapidAPI, LocalStorage

[Live Website](#)

- Developed a web application that summarizes the content of any online article.
- Designed an intuitive and responsive user interface with Tailwind CSS, making it easy for users to input article links and view summaries, while local storage maintains a history of past summaries.
- Provided a time-saving tool for avid readers, enabling them to determine the relevance of articles at a glance and making their reading process more efficient.
- Leveraged Redux Toolkit for efficient state management, ensuring smooth performance and scalability.

Skills

Languages: C/C++, JavaScript, HTML, CSS, SQL, Solidity

Technical Concepts: Data structures and Algorithms, Frontend development, API Integration, Blockchain development, OOPS, DBMS, Operating Systems, Computer Networks

Tools and frameworks: React.js, Node.js, VS Code, Git/Github, Tailwind CSS

Others

- Solved 400+ DSA problems on platform like **Leetcode** and **GeeksforGeeks**, building problem solving skills.
- Achieved a LeetCode contest rating of 1610
- Participated in coding competitions and hackathons(LNMHacks), showcasing problem-solving skills.

Extra Curricular

Sports Council | General Body Member

2022

Volleyball Club | Coordinator

2023-2024

Desportivos (Sports Festival) | Event management team member

2023-2024

National Powerlifting Championship | Gold Medalist

2019
